

MAT Panel

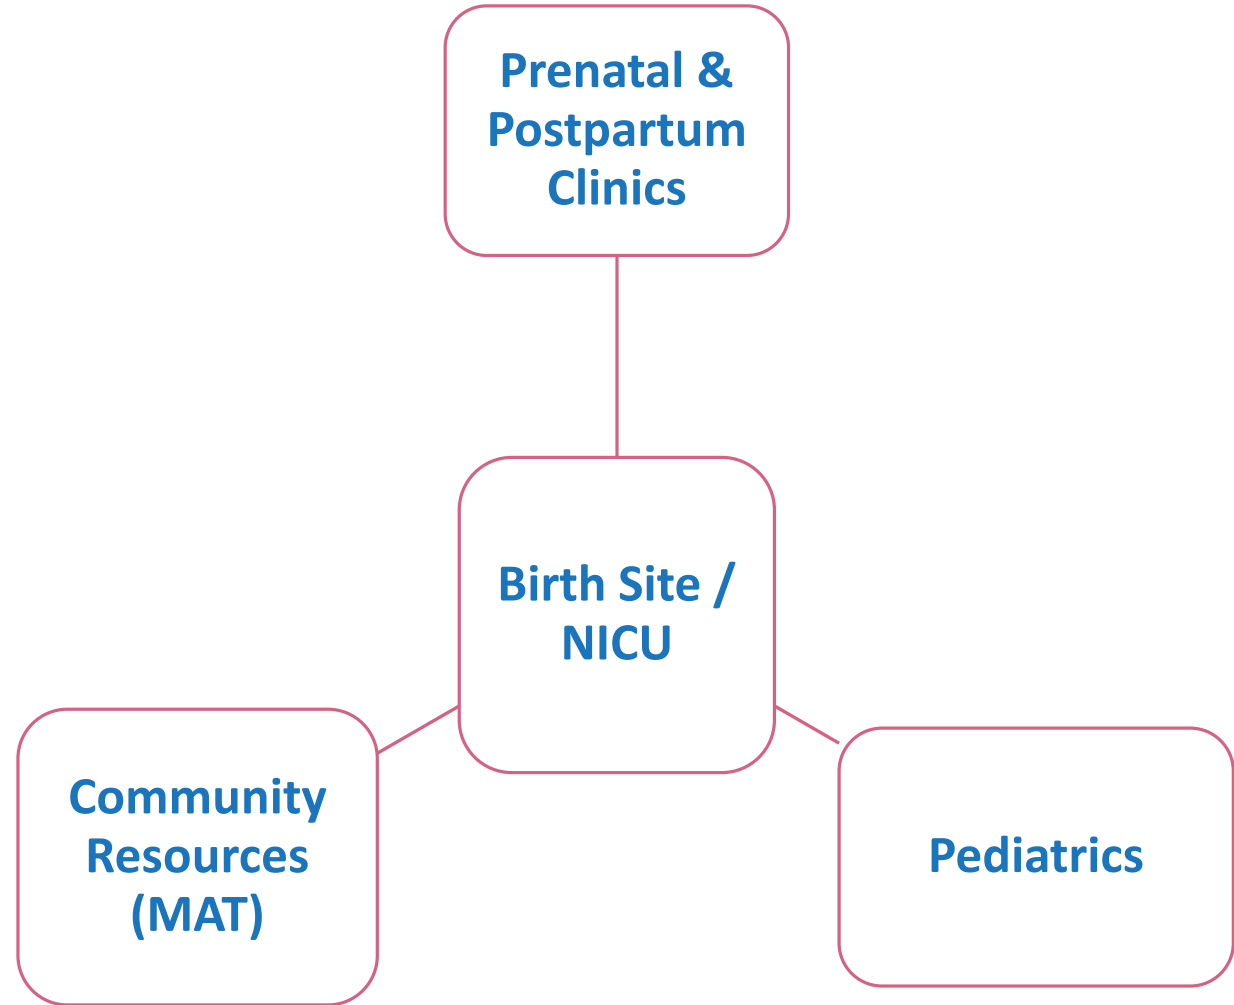

June 28, 2019

PA PQC Learning Collaborative Session

Objective for the MAT Panel

1. Identify local Medication-Assisted Treatment (MAT) resources in Pennsylvania for pregnant and postpartum women with Opioid Use Disorder (OUD)

Linking PA PQC sites to Community Partners

Centers of Excellence (COE)

- Provides clinical expertise to the wider provider community in a “hub and spoke” model
- Works within their community to accept warm hand offs of individuals with OUD from local EDs, state and county corrections facilities, and from PCPs
- Ensures that people with OUD stay in treatment to receive follow-up care and are supported within their communities

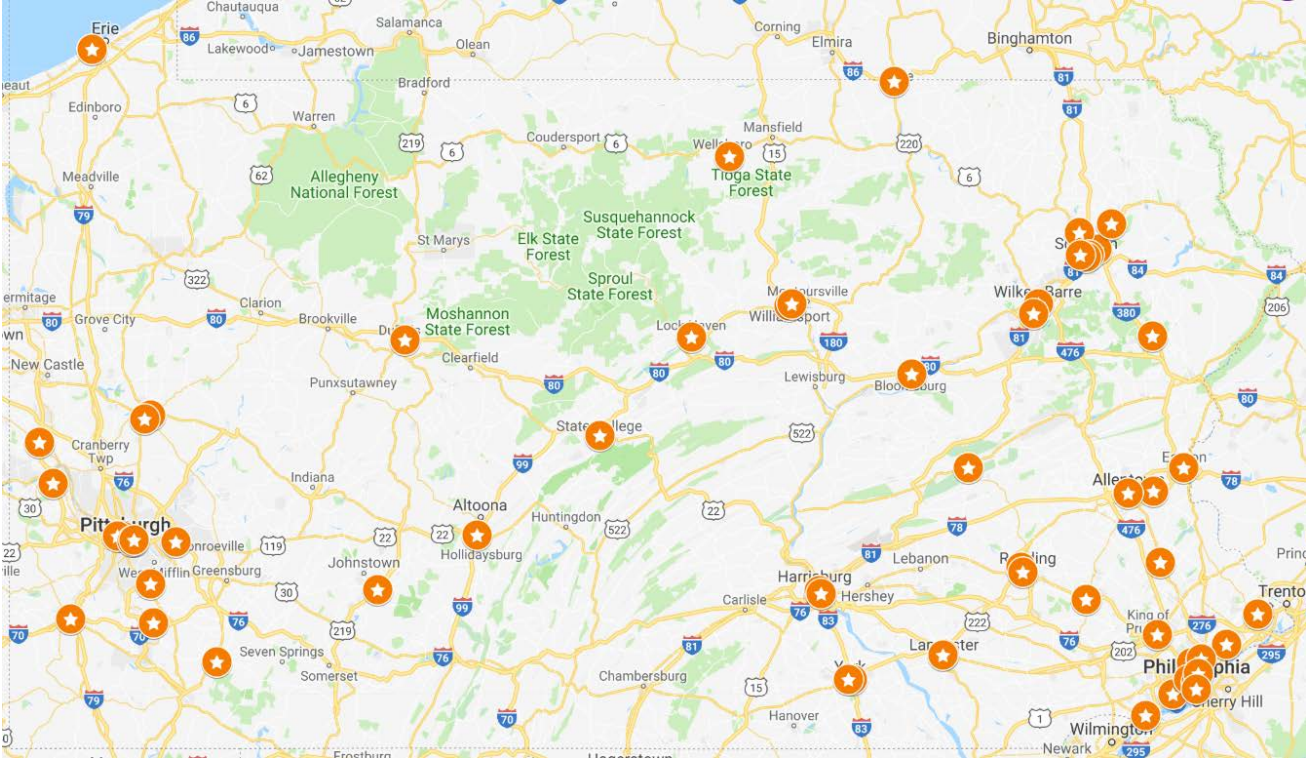

Centers of Excellence (COE)

- Motivates and encourages individuals with OUD to stay engaged in physical health and mental health treatments
- Facilitates recovery by helping individuals find stable housing, employment, and reestablishing family/community relationships
- Obtains written consent for individuals with OUD for sharing pertinent information

COE Benchmark for Maternity Care

- Goal: Integrate Physical and Behavioral Health Care
 - Maternity Benchmarks:
 - Ensure every COE-engaged client identified as a pregnant female is engaged with an OB/GYN, either on-site or elsewhere, within 42 days of contact with the COE.
 - Ensure that pregnant female COE-engaged clients sign a consent form to allow for the sharing of information between the OB/GYN provider and the COE CBCM team.
 - Ensure that at least one post-partum visit with an OB/GYN takes place within 56 days of delivery for every pregnant or post-partum female COE-engaged client.

Centers of Excellence (COE)
