

It takes a village...

Carol Frazer, LPC
Pittsburgh Regional Health Initiative

Connecting PA PQC sites and Community Partners

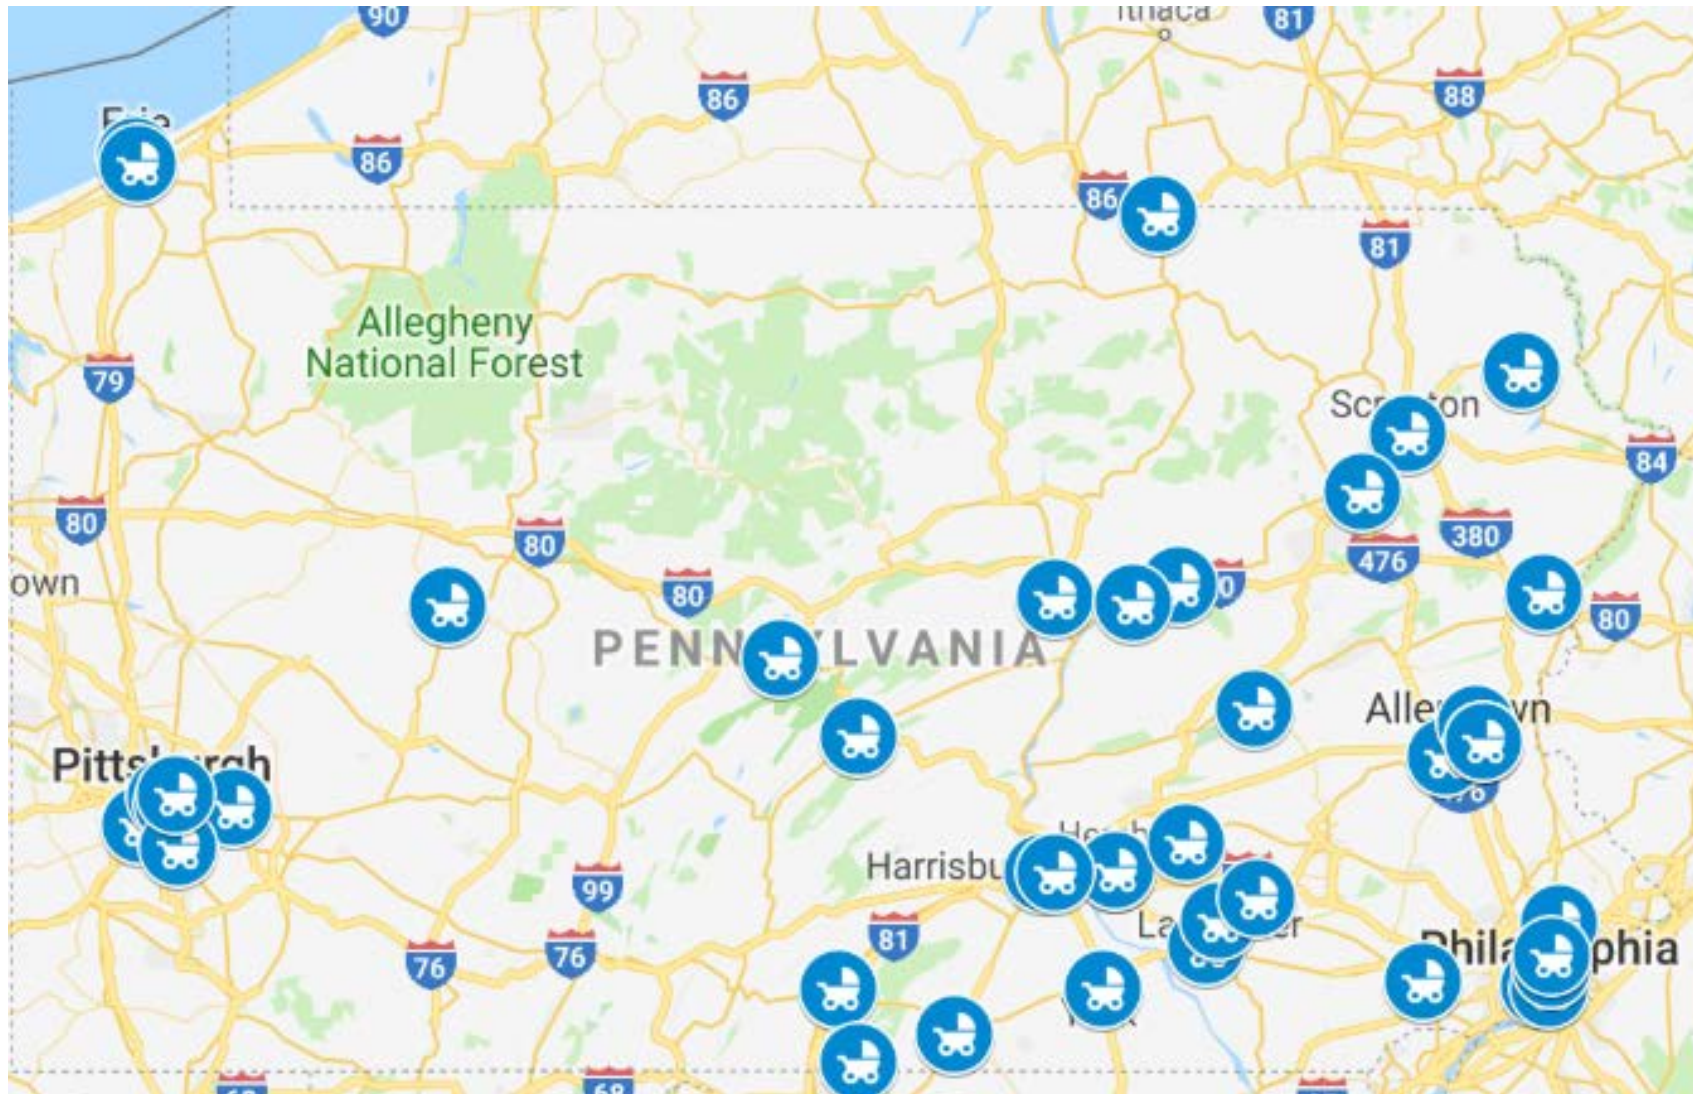

Roles of Community-Based Organizations

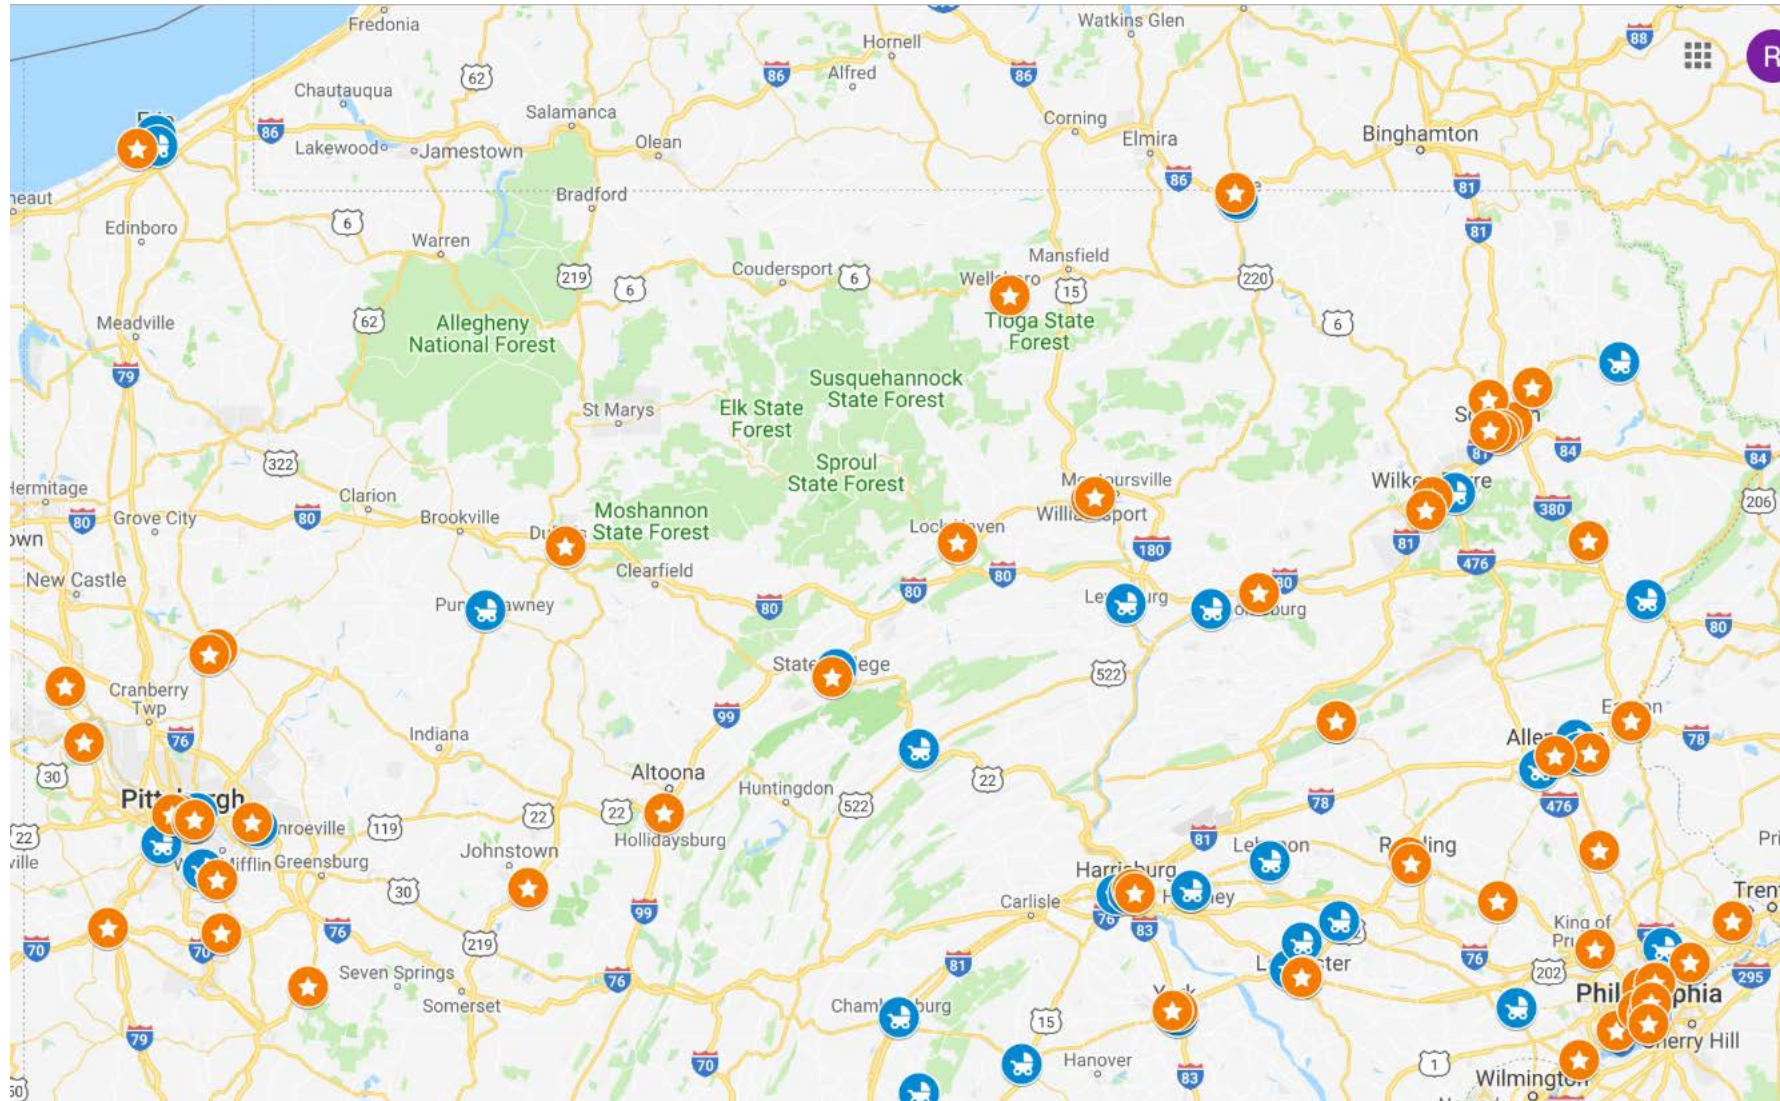

- Partner with PA PQC provider teams and patients to improve prenatal and postpartum care by:
 - Coordinating and providing comprehensive care services (e.g. MAT, counseling, Early Intervention, peer support, etc.)
 - Informing the PQC sites of available services
 - Work with PQC sites to establish plans for how they can work together to improve and coordinate care (e.g. communication pathways, warm handoffs, etc.)
 - Participating in the Learning Collaborative sessions and virtual sessions

The PA PQC will help facilitate this through our roles in QI coaching and designing the Learning Collaborative sessions
